The newly renovated Spa at Delamar Hotel is about as dreamy as a spa can get. From their plush pedicure chairs (see pic) to their amazingly talented team Spa at Delamar leaves nothing to be desired. From facials to massages, nails to body wraps and so much more, you can get everything and anything your body needs all in one spot.

The other day Coco and I were lucky enough to get our very own GG experience at this gorgeous destination spa and we were left speechless!

Coco had a 60 minute Delamar Massage with Stephanie the Spa Supervisor. With over eight years experience at the Spa at Delamar, Stephanie embodies Delamar world class service providing esthetic as well as massage treatments to their guests.

I experienced the Vitality of Glaciers Facial from Valmont. This deeply hydrating facial combines Valmont's anti-aging products with medical grade collagen for both face and eye. The skin regains suppleness, lines are diminished and the skin rejuvenated and glowing.

Spa at Delamar's newest team member AJ provided this service! Aj has such passion for skincare and has been such a wonderful addition to their esthetic team working in both of our locations.

I also had a Detox Body Wrap. AJ loves the Detoxifying Wrap which begins with exfoliation, then application of Algae and essential oils to stimulate the lymphatic system, oxygenating and detoxifying.

For every GG who is looking to rejuvenate, revive and rest this is your place! Contact Spa at Delamar today to book
